**CB Manufacturing offers a comprehensive range of precision ground blades, made from high quality hardened and tempered stainless and carbon steels, as well as tungsten carbide and ceramics. Our knives help service the entire textile process, from fiber cutting, fabric production, cloth converting, to recycling of scrap textiles and fibers. All blades are made to the most exacting OEM standards, enabling our customers to obtain the best possible results for their cutting requirements, lowering their overall production costs.**

**Our staff includes dedicated Engineers, to help provide cutting solutions for your specific needs. Our facility includes "state-of-the-art" in-house heat-treating and cryogenics capability, which allows us to further enhance the durability of our blades.**

**Many standard replacement blades in stock for immediate shipment**

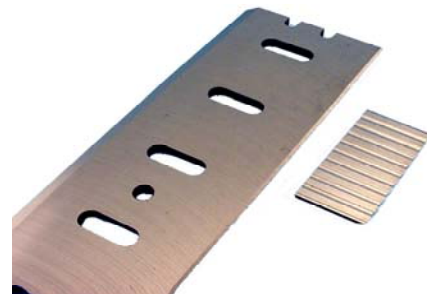

Fiber - Lummus - Fleissner - DM&E - Krupt - Nuemag

Textile - Wolf - Eastman - Maimin - Cameron - Barmag

Cloth - Gerber - Lectra - Rosenthal - Elsner - Celli

Recycling - Pierret - LaRoache - Taylor Styles - Retech - Saturn

**CB produces many different styles of knives, both standard and custom made. Please contact us and speak to one of our Sales Representatives to find out which blade will help boost your profitability.**
